

HUMBER MEADOWS

In the heart of North Western Toronto, Humber Meadows aspires to provide a home like environment where residents can thrive and flourish; while experiencing the joy of empowered living.

The building features two interior courtyards, ensuring that all resident rooms have windows and abundant natural light. The first floor of the home has a great hall, beauty salon, private dining room for resident events, dedicated spiritual space, and a six-chair hemodialysis unit.

Floors 2 – 6 will house 320 residents. Five resident floors are divided into ten Resident Home Areas (RHA). Each RHA will provide a home for 32 residents and has its own dining room, lounge and activity room. This design allows the option for each RHA to operate independently if necessary to prevent the spread of infections. With 5 bariatric rooms, and four RHA's with Italian cultural designations (128 beds), Humber Meadows offers a wide range of additional care and support services. Private rooms will have access to their own washroom, whereas basic rooms will have access to one shared washroom between two residents.

MISSION, VISION & VALUES

MISSION

Working together to deliver innovative, safe and compassionate care to our seniors in a home-like environment.

VISION

Providing exceptional care in a home-like environment while building the future of senior care.

VALUES

Compassion
Professionalism
Respect

SERVICES

Medical and Nursing Care: On-site professional nursing care is available 24/7. Residents are also able to meet their physician regularly, with a centralized pharmaceutical system, with drugs administered by nurses to ensure proper use.

Dietary Services: Our menus offer choice at every meal and are changed regularly to offer a wide variety of delicious, nutritious meals.

Recreational Activities: A wide variety of activities, including exercise, recreational classes, arts and crafts, music, sensory therapy, and horticulture, are available.

Social Services: Counselling and social work services available for residents and their families.

Environmental Services: 7-day cleaning, laundry, and maintenance services on site.

Physiotherapy: Registered physiotherapists provide professional assessment and rehabilitation planning.

ACCOMODATIONS, COST & ENQUIRIES

Ensuite private rooms and basic rooms with shared washroom are offered. Rooms for couples may be available depending on the layout of the specific floor.

The Ministry of Long-Term Care sets all long-term care accommodation costs. (www.ontario.ca/page/get-help-paying-long-term-care)
